REMARKS			
<p>This is summary by [REDACTED] of meeting with Maj. [REDACTED], 16 July, which I had hoped to attend but could not. Rod's remarks answer general questions; however, some specifics remain to be settled when he returns from his trip. Although a specific design is not picked, the external problem of boundary layer, etc. are pretty well defined now.</p> <p><i>pls return</i></p>
